4. A BRIEF HISTORY OF THE COMPANY

The Ocean Basket formula is simple: delicious Mediterranean style seafood at exceptional prices.

The first Ocean Basket opened its doors in Pretoria in 1995. Brothers Fats (Peter) and George Lazarides had a simple dream: to open a restaurant where people could enjoy great seafood without spending a fortune. Only the best was good enough for its customers, and the brand was founded on an obsession to serve, create happiness and to see people uplift themselves. When queues started forming outside their doors, the founders knew they had a winning recipe.

Soon they had 5 restaurants in Gauteng, and Pedro De Sambento came on board to take Ocean Basket to the Cape.

Their excellent offering and incredible knowledge of the customer, combined with a clever location strategy, saw the brand quickly growing to become one of the most loved and respected restaurant brands in South Africa.

Today, there are over 200 Ocean Basket restaurants in 17 countries around the world, including UAE, Saudi Arabia, Kazakhstan, Malta and Cyprus, with expansion plans firmly in place for more stores to break into new markets in Oman.

Every day, 50,000 customers enjoy a meal at an Ocean Basket. From piping hot seafood served in our unique pans to the freshest and most innovative sushi, we pride ourselves on being the seafood authority.

The joining fee is payable in a lump sum upon acceptance as a Franchisee and signing of the franchise agreement. The fee is refundable should the Franchisee fail to procure the necessary development funding of same; or fails to secure a lease. This fee covers the following aspects of establishing an Ocean Basket franchise restaurant:

- The right to use the brand name and associated intellectual property within the brand guidelines set out by Ocean Basket
 1. Joining fee – it grants the Franchisee access to the network and its intellectual property, as well as entitling the Franchisee to receive initial training and assistance in all facets of setting up the business. Initial training in all facets of operating the business:

- Standard of operations manual
- Site selection and assistance in finance.

9.2.2. COST OF DEVELOPMENT

In any new site, the Franchisor is required to design, equip and develop the site selected. To this end, a separate costing of a site will be provided to each individual Franchisee. On acceptance of the costing schedule, the costs become payable by the Franchisee, prior to the commencement of the development project. This payment must be effected in the attorney's trust account.

An ideal Ocean Basket restaurant is approximately between 240 m² and 300 m², based on Ocean Basket minimum specifications, excluding any equipment. The cost will be calculated individually per restaurant, with an estimation of between R3 600 000.00 and R5 000 000.00 exclusive of VAT and joining fee, but inclusive of design and project management fees. The construction of a restaurant takes approximately 8 to 12 weeks from the date of beneficial occupation, provided all financial requirements have been met.

As part of the development work undertaken, the services provided herewith are:

- Assistance with lease negotiation with prospective landlord;
- Assistance with application for financing;
- Restaurant design and layout, both interior and exterior, by Ocean Basket appointed designer;
- Site supervision;
- Site development;
- Restaurant evaluation, equipment and fitting; and
- Operational handover.

9.2.3. GUARANTEE

Payable at the same time as the development cost is a cash amount of R100 000 (one hundred thousand Rand) retained as a guarantee on all obligations, stock, fees, etc. This money is held in the attorney trust account until the end of the franchise agreement.

The guarantee is held in an interest-bearing account on signature of authority to invest on behalf of the Franchisee. The guarantee will only be utilised if the Franchisee is not in a position to pay for their stock / royalties and marketing. The guarantee will be refunded back to the Franchisee should the Franchisee dispose of the business.

9.2.4. OCEAN BASKET PROFESSIONAL FEE

Ocean Basket levies a 10% professional fee on costs associated with the development of a new restaurant. This is the only mark-up charged by Ocean Basket Franchise Company, and the company receives no hidden discounts or rebates from suppliers.

9.2.5. ROYALTY FEES

The Franchisee is required to pay the Franchisor a recurring non-refundable monthly royalty and service fee – 4.5% (four point five percent) of the gross revenue of the franchised outlets. All royalty payments are to be made by the 10th (tenth) day of each month.

9.2.6. MARKETING FEES

Every month, Franchisees pay an amount towards advertising and marketing. An amount of 2.5% (two point five percent) of the monthly gross sales of the licensed outlet is required to be paid by the franchisee to the Franchisor for marketing.

All marketing fees collected are used exclusively for brand marketing activities and are kept in separate advertising funds – as opposed to being assets of the Franchisor. Monies not used are carried over to the next fiscal year's advertising budget. Advertising fees are non-refundable.

9.2.7. INSURANCE COSTS

Prior to the opening of the outlet, the Franchisee is required to procure and maintain, in full force and effect, an insurance policy or policies adequately protecting the Franchisee and Franchisor and their officers, directors, partners and employees, against risks associated with the restaurant's business during the term of the franchise agreement, and any renewal thereof, at the Franchisee's own expense. Such a policy or policies must be written by an insurance company and approved in writing by the Franchisor.

Should the Franchisee, for any reason, fail to procure and maintain the insurance required by the franchise agreement, as revised from time to time for all Franchisees by the manager or otherwise in writing, the Franchisor has the right to procure such insurance and to charge the same to the Franchisee, which charges, together with a reasonable fee for the Franchisor's expenses in so acting, are payable by the Franchisee immediately upon notice.

9.2.8. TRAINING COSTS

It is a requirement that the Franchisee, or its members and any designated managers, as well as the working team, successfully pass the Franchisor's selection system of management. These persons must then complete the Franchisor's training programme to the Franchisor's reasonable satisfaction for final approval as Franchisees.

All expenses incurred in training, including, without limitation, the cost of travel, room, board and wages, must be borne by the Franchisee. The Franchisor will provide and pay only for the training instructors, facilities and required training materials. A full budget breakdown will be submitted by the training department to show where all costs are allocated.

On opening day, the Franchisor's training team is present to assist in the start-up of the new outlet. The Franchisee shall be responsible for the selecting and recruiting of all staff members, however, the Franchisor may offer assistance in such selection too.

All employees have to pass a training programme relating to their specific job functions prior to them being entitled to commence work within and Ocean Basket Franchise Company. The training periods in respect of crew are as follows:

Franchisee	4 weeks
Management	4 weeks
Kitchen crew	4 weeks
Waiters	4 weeks

The Franchisee will not be entitled for a period of 3 (three) years after termination of the franchise agreement to own, operate or have any interest, direct or indirect, in the ownership or operation of any similar restaurant outlet within a radius of 1 (one) kilometre from the premises in which any Ocean Basket outlet franchised in terms of the franchise agreement is situated.

9.3.2. SALE

The franchisee shall not be entitled to sell, alienate or part with possession of the business or any of the assets of the business franchised in terms of the agreement to any person. Nor should the Franchisee, be it a company or close corporation, permit the disposal or any share or interest in such company or close corporation without the prior written consent of Ocean Basket, and at all times subject to the Franchisor's right of first refusal.

To determine the selling price the income multiple method, where the net income of a business is subject to a certain multiple to arrive at a selling price, is used with a factor between 30 and 36 times monthly net profit.

$$\text{Selling price} = \text{average monthly net income before interest, tax and depreciation} \quad \times \quad 30$$

It is important to note that this method provides a rough guideline as various other factors can also influence the selling price and should be taken into account. These include:

- Position / location of the business
- Current turnover
- Lease agreement – remaining duration, whether an option to renew exists, rental rates, etc.
- Stability and quality of staff compliment
- Refurbishment requirements
- Condition of existing restaurant.

9.3.4. INVOLVEMENT IN RELATED BUSINESS

The Franchisee shall not own, operate, or have any interest, directly or indirectly, in the ownership or operation of any other outlet, other than an Ocean Basket outlet operated in terms of the franchise agreement, without the prior written consent of the Franchisor.

9.4. SUMMARY OF TERMS & CONDITIONS RELATING TO TERMINATION & RENEWAL

9.4.1. TERMINATION

Ocean Basket is entitled to cancel the franchise agreement upon breach by the Franchisee of any of the terms and conditions of the franchise agreement, and after failure by the Franchisee to remedy such breach after having been given the opportunity to do so by the Franchisor, in terms of the franchise agreement. The Franchisor can claim all monies owing to it by the Franchisee, as well as any damages that it suffers as a result of the cancellation of the franchise agreement.

Upon termination of the agreement:

- All monies owing by the Franchisee to the Franchisor shall become due and payable
- The Franchisee shall immediately cease to use, or permit the use of the name Ocean Basket or any other name or symbol referred to in the franchise agreement, and will forthwith surrender to Ocean Basket all paper, goods and advertising material bearing any such name or symbol

Ocean Basket has invested heavily in a procurement and distribution network to ensure Franchisees are able to benefit from group buying of seafood and grocery products. This investment provides a single weekly delivery to Franchisees' restaurants, with the exclusion of cleaning materials, liquor, beverages and fresh produce.

Ocean Basket Wholesale pricing philosophy does not ensure that we are the cheapest per line item supplied but rather we are the cheapest in comparison to the basket of all goods purchased. Ocean Basket Wholesale further

guarantees fixed pricing on all line items supplied for a menu cycle period irrespective of currency and input product pricing fluctuations, this delivers consistent pricing to Franchisees where GPs are stable during a menu cycle.

Ocean Basket is a proud supporter of SASSI and WWF and therefore all products supplied to restaurants and enjoyed by our customers must have 100% traceability. This means that we are able to trace the product served to clients from plate to the sea and vessel in which it was caught. This commitment is needed to deliver on our commitment to sustainable fishing and aquaculture practices.

To deliver the most consistent product quality, supply, pricing and traceability, all Ocean Basket restaurants are required to purchase the full basket of products offered through the Ocean Basket Procurement and distribution network.

12. CONCLUSION – THE FUTURE

The Franchisee will become part of the family of numerous Ocean Basket outlets with its unique and vibrant ambience growing from strength to strength after more than 21 years in the market.
